

Water Supply & Drainage Networks Masterclass

Civil, Structural & Construction

QGT-CIV-175 | Masterclass | 5 or 10 days | Online, classroom, in-house

Course overview

Water Supply & Drainage Networks Masterclass is a senior-level masterclass on strategy and performance in Water Supply & Drainage Networks. It covers the principles, the requirements of ACI, AISC, Eurocodes, IBC and local building codes, and the practical methods used on site, with case studies from operations in the Gulf, Africa and worldwide. Available online, in the classroom in 60 cities, or in-house.

What participants will be able to do

- Explain the principles, terminology and scope of Water Supply & Drainage Networks
- Apply the relevant requirements of ACI, AISC, Eurocodes, IBC and local building codes
- Use practical tools, checklists and calculations with confidence
- Recognise common problems, risks and root causes and choose the right corrective action
- Build a business case and roadmap their leadership team can act on

Who should attend

Designed for civil and structural engineers, site engineers, consultants and inspectors in senior and leadership roles.

Course outline (5 days)

Day 1: Strategic view of Water Supply & Drainage Networks

Trends, regulation and what leading companies do differently

Day 2: Benchmarking and performance
